FORCE

PRO OFFICIATING JERSEY

Force Elite and Pro Style Officiating jerseys are manufactured for top-level officials and the unique demands placed upon their equipment.

Features include:

- Scotchgrip™ fabric protector with moisture management
- Proprietary 100% polyester knit
- Double stitched seams
- Hockey Canada approved sew-in ambards (Relevant)
- Universal straps (3mm) for optional ambards
- Extra-wide arm
- Collar, cuffs, and waistband made from 3-D stretch™ spandex
- Reinforced double-stitched gusset

PTX PROTECTIVE PANT

The Force PTX is the first pant with removable protective components. The system can be worn complete or as a garter only.

TEFLON® fabric protector with moisture management helps to remove transport perspiration away and resist staining. Bonded to each individual fiber of the fabric, it forms an invisible, durable finish that stops stains and absorbs perspiration, spreading it out for more effective evaporation.

Lock-Strich™ construction: The innovative lock-stitch weaver will not fray and resist cuts and snags.

Flexible and lightweight: Fluorescent for enhanced performance, lighter than back-coated options and remains flexible in lower temperatures.

Airflow: With no back coating needed to hold the fibers together, all flow is unobstructed, keeping the athlete cool, comfortable and dry.
